

How to make the simple present negative

The formula for making a simple present verb negative is

Subject + **do/does** + **not** + **[root form of verb]** + sentence

You can also use the contraction don't or doesn't instead of do not or does not.

*"I **don't work** with outdated programming languages."*

*"The team **doesn't skip** code reviews for quality assurance."*

*"We **do not ignore** software bugs; we prioritize their resolution."*

How to ask a question

The formula for asking a question in the simple present is

Do/does (not) + [subject] + **[root form of verb]** + sentence

*"**Do** you **work** on frontend or backend development?"*

*"**Does** he **participate** in hackathons or coding competitions?"*

*"**Do** you **collaborate** with remote developers?"*

2- Complete the sentences with the correct form of the verb given in parentheses:

1. Our team _____ (use) agile methodologies for project management.
2. The software _____ (run) on multiple operating systems.
(negative)
